States Represented

EVENT OBJECTIVE

Transforming Traditional Expo Into A National Innovation Ecosystem

This initiative transforms a traditional college project expo into a large-scale innovation-focused ecosystem connecting students, startups, industry experts, and technology communities on one platform. The goal is to build a nationally recognised student innovation movement — not just an event.

Create national-level visibility for student innovation

Bring 4 teams from every state across India

Connect students with startup founders and MNC experts

Build industry-focused project exposure and real networking

Develop one of India's most visible student innovation ecosystems

KEY DIFFERENCES

WHY THIS EVENT IS DIFFERENT

Pan-India Reach

4 teams from every state,
competing at State → Zone →
National level

Live Media Coverage

Cinematic coverage,
livestreaming, reels, and social
media campaigns

Legacy Building

Annual event designed to
grow bigger and stronger
every year

Startup Ecosystem

75 innovation stalls, founder
networking, MNC expert
interactions

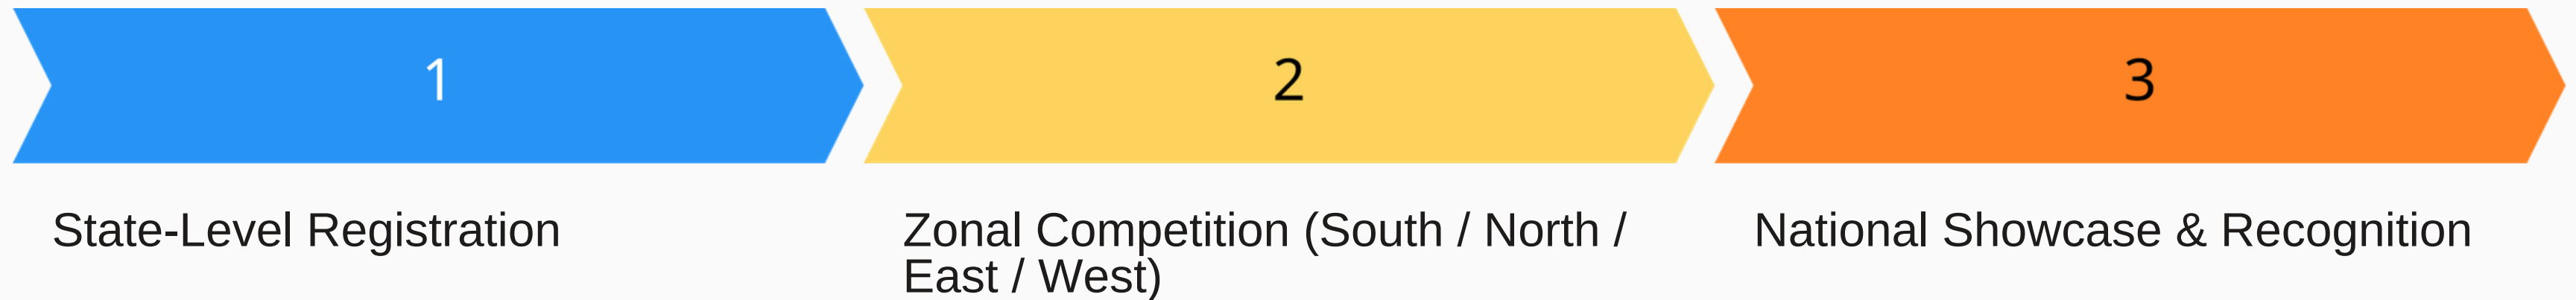

Student Community

Campus Ambassador network and cross-college collaboration
ecosystem

Innovation Evaluation

Industry-oriented judging focused on real-world problem solving

EVENT STRUCTURE & ECOSYSTEM

Project Categories

- AI & Machine Learning
- Robotics & Automation
- IoT & Smart Systems
- Software & Web Technologies
- Sustainability & Green Tech
- Healthcare & Smart Solutions

ADVANTAGES OF THE EVENT

For Students

- National-level project visibility beyond campus
- Direct networking with startup founders and MNC professionals
- Real-world innovation experience and industry insight
- Improved presentation and teamwork skills
- Exposure to startup ecosystems
- Career opportunities through recruiter access

For the Institution

- Positions Sathyabama as innovation-driven nationally
- Strengthens industry-academia partnerships
- Generates media and digital visibility
- Builds entrepreneurship culture
- Attracts high-quality students and faculty
- Creates annual innovation legacy

For Sponsors & Companies

- Direct access to 15,000+ student audience
- Brand visibility in media and live streams
- Product demonstrations and startup leads
- Networking with innovators and talent
- Recruitment pipeline
- MOU recognition

For Innovation Ecosystem

- Bridges gap between student ideas and industry needs
- Creates unified Pan-India platform
- Encourages cross-state collaboration
- Amplifies startup visibility
- Grows entrepreneur community
- Contributes to India's innovation goals

EXPECTED IMPACT SUMMARY

EXPECTED IMPACT SUMMARY
